

HIV COUNSELING IN HINCHE

KEY ISSUES

- Demand / Need for HIV Counselling in Hinche ?? Why is it under-utilized?
 - Barriers to access facilities and HIV Testing & counselling/treatment
 - Reputation of 'Sainte Therese'
 - Public view of 'treatment'
 - Cost and returns
- Why facilities under-utilized despite great need?
 - Patient wards abandoned?
 - TB Sanatorium?

Designing Strategy

- What should be *Sainte Therese's* strategy, given that it a government facility staffed with public servants? Values of Public Sector Hospital?
- Which tasks to prioritise ?
- What resources needed? Who provides?

Turnaround?

- First response to turnaround strategy?
 - Is it working?
 - Which tasks need more resources / effort
- New Challenges with initial success; how to build on it?
-
- How to ensure that the changes are `permanent' or sustainable?
